## GREATEST POLITICAL EVENT SINCE BIRTH OF UNITED STATES

The following dispatch sets forth clearly the views of a recognized authority on international affairs concerning the functions and objects of the League of Nations. The writer is editor of the Independent and is a member of the American Society of International Law, the American Association for Labor Legislation and kindred organizations. He is one of the founders of the League to Enforce peace.

By Hamilton Holt.

(Written for the United Press.) (Copyright, 1919, by United Press.) Paris, Jan. 28.—A league of nations is now a fact.

We who have been working consistently to bring such a body into being feel it is a hundred percent further advanced than we dared to hope possible six months ago.

The meeting of the general peace congress Saturday, was in my opinion the greatest political event since the birth of the United States of Nations. There were two outstanding things. First, the resolution setting forth the purpose of the league made

clear that its initial purpose was the promotion of international co-operation. That is the vital spirit in which the league should be convinced. And second there was evidence everywhere we investigated—and we have been privileged to talk with the men upon whom the burden of this peace settlement is actually resting; the men doing the work—that formation of the league will be quickly accomplished and that its results will be sure and far-reaching.

Just one point of danger presents itself. That is the possibility of the league of nations being made a league of governments rather than a league of peoples. In order to assure this latter, an organization must be devised that will truly and continuously be representative of the peoples of the various countries. It is not a new thing for diplomats to reach decisions by conference of telegraph. What is wanted is an organization by which the direct representatives of the people will meet in parliamentary session. This must be achieved on the legislative side of the league. For the executive side, prime ministers or similar officials are competent to function satisfactorily.

## QUESTION OF HUN COLONIES BEFORE SUPREME COUNCIL

Paris, Jan. 28.—The supreme war council, continuing its sessions today, was expected to again take up the disposition of the German colonies.

The "bureau," as the council is officially designated, is understood to feel that early decision on the territorial question is necessary for drawing up the preliminary peace treaty which will permit demobilization.

Certain delegates are known to favor immediate settlement of the more pressing territorial problems instead of waiting for these matters to be handled by the League of Nations. In addition to the effect of demobilization, the delegates are influenced in this view by the fact that certain industrial areas await territorial adjustments and that the conditions of the affected populations is serious.

Whatever action is taken, however, will conform with the broad principles of the League of Nations, including demobilization. In case of any of the contemplated settlements leave controversies and irritations, they will be subject to reconsideration by the League.

Territorial questions which may receive early consideration include adjustment of the boundaries of Poland and the Czechoslovak republic, and disposition of the German colonies both in Africa and the Pacific.

Denials by French government officials regarding claims to the Saar Valley have taken the form of a declaration that no claims have been presented. There has been no official enlightenment yet on French position.

## RUNS AIR SERVICE ACROSS CHANNEL

Captain De Havilland.

Captain De Havilland is in charge of the London-to-Paris aerial route, known as the "Ritz to Ritz" line. Captain De Havilland is one of the best fliers in the allied air forces. He established the time of two hours for the trip.

## BANK WRECKED BY A GAS EXPLOSION

Lancaster, O., Jan. 28.—The interior of the Bremen National Bank at Bremen, ten miles east of here, was wrecked, and John Dixon, assistant cashier, was seriously injured in a gas explosion early today.

A gas jet, left burning in the vault, went out during the night, and gas collected. The explosion occurred when Dixon attempted to light the jet, when he opened the bank.

## PHILLIP BURGESS TO INVESTIGATE THE WATER SUPPLY

Phillip Burgess, consulting hydraulic engineer of Columbus, was in the city Tuesday conferring with City Manager Kenyon Riddle in regard to the water situation.

Mr. Burgess will investigate all possible sources of water supply that are likely to be used by the city and will give advice concerning the plausibility of using any one of them. He will also estimate the costs of developing water supply, giving figures on each of the tentative supplies under consideration.

Mr. Burgess will return probably on several different days in order to complete his work.

## FORMER U. S. HEIRESS MAY BE NEXT QUEEN OF PORTUGAL

Princess of Braganza, formerly Anita Stewart of New York, and her beautiful little daughter.

A movement is on foot to enthrone Don Miguel in Portugal in event of the failure of the present Portuguese revolution to restore ex-King Manuel to the throne. Although the attempts were partly checked the monarchists seem to be gaining strength in the north. If the effort to replace Manuel is utterly a failure and Don Miguel made king it will mean that a

former American girl will be made queen. The Princess of Braganza, Don Miguel's wife, was formerly Miss Anita Stewart, a New York

heiress. The princess is shown here with her small daughter, who is considered to be the most beautiful child of royalty in Europe.

## BILL PROVIDES FOR MILLIONS FOR OHIO ROAD WORK

Columbus, Jan. 28.—Representative Beetham, Republican whip, expected no opposition today on a resolution he introduced late yesterday, by which twenty or thirty millions would be available yearly in Ohio for road maintenance purposes.

The resolution, on which he will ask quick action, was prompted by the statement of the American Federation of Labor, which declares that there will be a bread line in every industrial center before May 1.

The resolution petitions Congress to appropriate \$1,000,000,000 for road purposes in five years, proportioned among the states.

Ohio would get \$6,000,000 annually from the federal government thus, and she herself would have to raise another \$15,000,000, he said today. Available money for road purposes, he says, will give ready employment for returning soldiers, until the country can get back to its normal stride again. Beetham would have the state take care of all the roads first on inter-county and main roads.

The four long highways, the Old Trail route, Lincoln Highway, Pike's Peak Ocean to Ocean route, and the Lake Shore road would be the first to receive attention, he says.

## XMAS BOXES RUINED BY SALT WATER

Every Red Cross Christmas box received by the boys of the Twelfth Aero Squadron was soaked with salt water and ruined, wrote Roy Inman to his sister, Mrs. L. M. Morton in a letter which was received Monday.

The only article in his package which was not spoiled, was a box of sweet wafers, packed in tin. Mr. Inman says that the boxes were evidently packed in the hold of a vessel where bilge water soaked them. The young man is with the army of occupation, and his letter was written New Year's day from Trier.

He said that the boys of the 12th Squadron, with which he is a barber, were preparing for a big dinner, which was to feature the holiday. The squadron was quartered in concrete barracks, he said, and the living conditions were fine.

## CLAIMS HE IS A SON OF JESUS CHRIST

Philadelphia, Jan. 28.—A rigid investigation to determine connection of a man calling himself "Omega, son of Jesus Christ," with the recent bomb outrages in this city was made today by the police.

"Omega," a religious maniac, yesterday ran wild with a revolver in each hand, killed two policemen and another man and wounded five. "Omega" was later shot by a policeman and is now in the hospital under heavy guard.

A draft registration card found in his pocket identified him as George Lembo, 30, a Mexican.

## GENERAL AMNESTY FOR MEN CONVICTED DURING WAR WANTED

BY L. C. MARTIN

Washington, Jan. 28.—General amnesty for all men convicted during the war by court martial is to be asked of President Wilson by Senator Borah.

Borah will co-operate with Senator Chamberlain of the military affairs committee in hearings to show the facts with respect to sentences meted out to men of the draft army. Allegations laid before Borah, Chamberlain and other senators, are to the effect:

That startling inequality existed in the severity of sentences imposed on different men for the same offense.

That undue severity was exercised for minor infractions of military discipline.

That the courts martial have been composed in some instances of men not qualified either by training or temperament, to sit as judges.

Senators have been told that the total of sentences during the war ran well above 10,000. Neither Borah nor Chamberlain vouches for these figures nor for the truth of the charges.

## WANT INJUNCTION AGAINST TOLL RATES MADE PERMANENT

Indianapolis, Jan. 28.—Representatives of nine states today appeared in U. S. district court here and argued before Judge Anderson in favor of making permanent the temporary injunction which he has granted against the proposed telephone and toll rates.

Representatives of the states outside of Indiana entered appearance as friends of the court and joined the Indiana Public Service Commission in their fight against the rates. Other states represented were Ohio, Minnesota, Nebraska, Michigan, Wisconsin, Illinois, Kansas and Missouri.

Attorney General Price represented Ohio.

## FORMER PRINCETON PROFESSOR SHOT BY SPARTACAN MOB

Berlin, Jan. 27.—(Delayed)—Lowell Thomas, formerly a professor at Princeton University, was shot below the heart and dangerously wounded at Bremen last Sunday was learned today. He was saved from the wrath of a Spartacan mob which had attacked him, by Web Waldon, of Colliers Weekly. Both had been accused of attempting to cause a split in the Spartacan organization.

The trouble during which Thomas was shot occurred during the national elections and developed into a battle.

Web Waldon is an editorial writer for Colliers Weekly.

## BAN ON MANUFACTURE OF NEAR BEER LIFTED

Washington, Jan. 28.—Restrictions on manufacture of near beer have been removed.

The food administration announced today it had been advised that President Wilson, Jan. 13, signed a proclamation lifting the ban.

"This proclamation" the administration warned, "cannot become effective until the seal of the United States is attached thereto by the Department of State and no action can be taken on this information until the proclamation has become effective."

The proclamation said nothing concerning the manufacture of beer, however, or other malt beverages. The manufacture of beer and near beer ceased Dec. 1, by presidential proclamation.

Therefore on which the proclamation becomes effective, will depend on the length of time the document is in transit from France.

## WHERE GERMANY'S FIRST PRESIDENT MAY BE ELECTED

GOOD FOR YOU, UNCLE. Washington, Jan. 28.—When Uncle Sam bids booze goodbye, he loses a billion dollars a year in revenue. But Sam has got it all figured out today to get his bill just the same. He's going to take it out of excess profits, and big incomes. He loses only half a billion this year, and that he says, doesn't worry him any.

## NEWS DISPATCHES WILL BE ENTIRELY FREE OF CENSORSHIP

Paris, Jan. 28.—American and foreign correspondents were working today under the assurance of the French government that everything would be done to speed up transmission of peace conference news and that dispatches would be absolutely free from censorship.

This assurance was given by Andre Tardieu, high commissioner of Franco-American relations, in an address at the opening of the French club for foreign correspondents.

France's viewpoint is the same as President Wilson's—that this is the people's conference, and that they are entitled to know what is going on," said Tardieu.

## STRIKE OF QUARTER MILLION PENNY MEN BELIEVED AVERTED

Pittsburgh, Jan. 28.—Threatened strike of 250,000 Pennsylvania railroad employees was believed to have been averted today when representatives of the four brotherhoods accepted the invitation from W. S. Carter, director of the division of labor of the railroad administration to visit Washington and talk the situation over. The railroad employees want an 8-hour day, higher wages and recognition of their union.

## INDUSTRIAL WAR IN SOLDIERS' INTEREST

London, Jan. 28.—The industrial war which has broken out in Great Britain and Ireland is the beginning of a fight in the interest of demobilized soldiers, labor officials declared today.

They denied that the strikers are in any way connected with Bolshevism.

The strike situation which resulted in paralyzation of ship building so far, has not affected other industries, was unchanged today, though it was believed the trouble would be extended later through sympathetic walkouts.

Nearly 200,000 men were on strike in various parts of the country.

## "BRER FOX" LOSES IN FIGHT FOR LIFE

Columbus, Jan. 28.—"Brer Fox" lost a point in his fight for life before the Ohio legislature today.

A bill making it unlawful to kill foxes all year was referred to the agricultural committee, instead of to the fish and game committee, which tried to get it.

## AIRPLANES TO BE USED IN WOLF HUNT

Indianapolis, Jan. 28.—Airplanes will participate in a wolf hunt along White river bottoms near here tomorrow. The aviators will keep in touch with the hunters on the ground, directing movement of the forces.

Several wolves have been observed in the vicinity, recently.

## WANT BILLION SPENT ON GOOD ROADS

Columbus, Jan. 28.—James A. White, superintendent of the Ohio Anti-Saloon League, was scheduled to urge passage of the League's two prohibition bills before senate and house temperance committees today.

He was expected to explain provisions of the bills.

Wine makers, druggists and physicians also are expected to be heard.

The house today had before it a resolution by Rep. Beetham, Republican floor leader, urging Congress to appropriate a billion dollars to be spent on national good roads, to provide work for unemployed.

## WANT SUITABLE JOBS.

New York, Jan. 28.—Discharged soldiers and sailors today planned to stage a demonstration before the city hall for the purpose of demanding that the officials take immediate steps to provide them with suitable jobs.

### CHARMING XENIA GIRL BECOMES BRIDE OF HARRY POLASKY

A simple but impressive marriage service took place at the residence of Rabbi David Leikowitz, in Dayton, Sunday afternoon at four thirty o'clock, when Miss Rebecca Colp, younger daughter of Mr. and Mrs. Isaac Colp of this city, became the bride of Harry Polasky, of Piqua. Rabbi Leikowitz united the young pair using the beautiful Jewish ritual, with the double ring service.

The bride's parents and her brother, Jacob Colp, and Mr. and Mrs. Samuel Polasky, of Dayton, the bridegroom's brother and sister-in-law, were the only witnesses to the service. The bride who is a very lovely and attractive girl, was handsome, in a coat suit of dark material, and hat to match and wearing a corsage bouquet.

Following the service Mr. and Mrs. Samuel Polasky entertained the bride pair and other members of the party, at supper at their home in Dayton.

Mr. and Mrs. Polasky went on Sunday evening to Piqua where they will live, and where Mr. Polasky is in the merchant tailoring business. Mr. Polasky was discharged a few weeks ago from the service, after having served for several months in the

### BACK BAD TODAY?

Backache is usually kidney-ache and makes you dull, nervous and tired. Use Doan's Kidney Pills for weak kidneys—the remedy recommended by your friends and neighbors.

Leonard Jones, car inspector, Home Ave., Xenia, says: "Lifting heavy things and working in all kinds of cramped positions, while repairing cars, brought on kidney trouble. I had lumboago and just across the small of my back. I was stiff and lame. When I had been working in one position for a few minutes, I could hardly bend over or straighten up. Doan's Kidney Pills certainly proved to be the medicine I needed and after I started taking them, I began to get well at once. A few boxes relieved me completely. Since then, I have used Doan's just as soon as the first symptom of lumboago or kidney trouble has shown up and they have quickly warded off the trouble."

GOLD MEDAL Haarlem Oil Capsules will do the work. But be sure to get the original imported GOLD MEDAL Haarlem Oil Capsules. They are reliable and should help you, or your money will be refunded. For sale by most druggists. In sealed packages three sizes.

### WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention The Xenia Gazette or The Xenia Republican.

### THE GLORIOUS WORK OF ORPHANS' HOME.

Ever since the writer has lived in Xenia he has felt an increasing pride in the State Soldiers' Orphans' Home here. He has heard so many stories of orphan children started in life by this noble institution who have come out highly-respected and honored citizens, who without this aid might likely have drifted into dissolute life. The Home has always done beneficial work of which angels might be proud, and which we are certain must have the approval of the Almighty himself.

We have always felt that if we had the money of a millionaire, nothing would satisfy our desire to do good better than to start and maintain such an institution and take children from the slums of the cities and by education and discipline make of them self-respecting and honored citizens.

Can you think of anything that would give more heartfelt satisfaction in after life, and that would be of more advantage to a free and progressive country like ours.

America as a land of opportunity, even for street waifs and orphans, was recalled by the recent death in Sitka, Alaska, of Hon. John G. Brady, former Governor of that territory, and the fact that when a child young Brady had been taken from the almshouse and placed in the custody of the Children's Aid Society, of New York, which educated him and placed him on the road to fame and fortune.

Hundreds of other cases similar to Governor Brady's, can be cited by this organization, which for more than half a century has been taking homeless boys and girls off city streets and sending them to farms in the West, where they grow up to be self-reliant, trustworthy and honored citizens. The records of the organization show that many of these have become Governors, Congressmen, judges, college professors, bankers, physicians and lawyers, and a vast number of other business and professional men, and the girls have grown to become the honored wives of many leading citizens. All were rescued from the streets or from asylums and corrective institutions.

The society, since its foundation on January 9, 1855, has placed 32,031 orphans and deserted children in good homes in the country where many of them were later adopted. In addition 81,472 older boys and girls have been sent to farms in the west, where they have been put on their feet, and becoming owners of ranches, have shown their appreciation in later years by taking orphans into their own homes.

It has been estimated that the cost of salvaging a child from the streets, according to the plan of the society, is \$50 which defrays the cost of placing the youngster in a comfortable country home, and provides for supervision so long as it is necessary.

The society keeps in touch with the boys or girls thus sent out, and has on file thousands of grateful letters written by them after they have grown to manhood or womanhood.

An instance of the gratitude was afforded in the report for 1918 of Edwin G. Merrill, treasurer of the society, who acknowledged a bequest of \$5,000 from the estate of Dr. Michael J. Jordan, a physician and educator of Logansport, Ind. Dr. Jordan many years ago was a friendless orphan in New York City and was befriended by the Children's Aid Society. Many similar legacies from former wards have been left to the organization in the past.

A GETTYSBURG IN FRANCE

The bill proposing the establishment of an American cemetery in France which shall be a national "Field of Honor" in a way proposes the creation of a Gettysburg over there under conditions, however, which would insure greater dignity, beauty and general seemliness and unity than has been possible with our own field of honor. The idea is a worthy one, and the fact that the incorporators represent sterling Americans about whose patriotism and high qualities there can be no doubt makes it all the more likely that the bill will become a law, and in time, the project carried into effect.

Putting It in Clothes.

"Bar, bar," said the facetious fellow, as he slyly dropped a dime in his waistcoat pocket. "There is where I invested a little money."

### THE 1919 WHEAT PRICE.

There isn't the slightest doubt about the fixed price for the 1919 wheat crop being maintained. The government pledged its credit to pay this price for the wheat harvested this year just as definitely as it pledged its credit to pay principal and interest of the Liberty bonds. Already steps have been taken to provide the means necessary to put this price into effect. Chairman Lever of the House committee on agriculture recently introduced a bill in Congress making an appropriation of \$50 million dollars to meet any emergency that might arise in connection with the marketing of the next wheat crop.

The ladies of the Library Association held a market Saturday afternoon in the Littleton furniture store. The proceeds amounted to almost sixty dollars, which will be used toward the running expenses of the Library.

Dr. R. R. Richardson was called to Van Wert, Ohio, Saturday to see his mother, who received a fall.

Miss Marie Hammer, of Dayton, spent Sunday with her parents, Mr. and Mrs. W. R. Hammer.

Mrs. Chris Hornick and daughter, Regina, of South Charleston, are visiting M. A. Oster and family.

### Everyday Etiquette

"A girl friend of mine has a boy cousin visiting her. Is it my place to call on him?" asked Ruth.

"No reply her mother." A lady should never call upon a gentleman. Your friend should bring him to call upon you."

Young Financier.

Newell entered his father's study one day much excited and out of breath. "Oh, papa," he said, "a man out in the street has some pigeons for sale, and I just lack 24 cents of having enough to buy one. Won't you give me that much?" As the father handed over the desired amount he asked how much the pigeons were worth. As the small boy hurried away he shouted back: "Twenty-five cents."

Putting It in Clothes.

"Bar, bar," said the facetious fellow, as he slyly dropped a dime in his waistcoat pocket. "There is where I invested a little money."

### 'THE WIFE'

BY JANE PHELPS

### ARTHUR MANDEL MAKES RUTH A PROPOSITION

#### CHAPTER CLII.

After dinner the four played bridge for an hour or two, then Brian and the Major talked while Mollie and Ruth listened. They told stories of conflict, making light of their part in the struggle, but praising unstintingly their "buddies." They described air raids, and the falling of shrapnel, the taking of the Germans and destroying of their nests. They did not dwell on the horrors, but talked much of the good the war would do, of what it had already done for many of the men in a mental and spiritual way.

Just for a moment the Major again talked of the nurses. This time as a body, not mentioning Mollie.

"It is hard to imagine what would have become of the men, had it not been for the Red Cross, especially their wonderful nurses," he remarked, then he quoted softly:

"There's a rose that grows on 'No Man's Land.'

And it's wonderful to see; Though it is sprayed with tears, It will live for years,

In my garden of memory. It's the one red rose the soldier knows,

It's the work of the Master's hand;

'Mid the war's great curse, stands the Red Cross Nurse—

She's the rose of 'No Man's Land!'

Then, with the words of the sweet song still in their ears, good nights were said, and a friendship commenced that was to last far on into the years. A friendship all the closer, perhaps, because of the misunderstandings at its beginning and the frankness with which they had been discussed.

"Now, Mrs. Lawyer Hackett," Brian commenced the next morning. "Suppose we talk business—get right down to brass tacks. How much does it cost to run this ranch? Everything, mind you, Rachel's wages included."

For nearly an hour Ruth and Brian discussed the cost of everything, getting an average for a week. Then when they had put down in black and white every smallest item which went toward the up-keep of the apartment, Brian asked:

"How much do you spend for clothes for yourself and the baby?" Then, as Ruth hesitated: "No camouflaging, if you please. I propose to know how much I have to make to keep you as you have been keeping yourself."

Ruth knew it always hurt Brian to speak of her paying the bills, so she hurriedly gave him an amount she thought the least he would possibly accept as enough to dress her as she had dressed herself. But the long drawn whistle of astonishment with which he greeted her reply, proved that he had not yet learned anything of the cost of women's clothes. So she hurriedly added:

"But, Brian, I shan't need any clothes to amount to anything for some time. I am well provided with almost everything. You see, I had to be when I was in the shop, and then too my clothes wore out much faster than they will now that I am to remain at home where I can wear house dresses instead of always being gowned for the street."

"That's so," he brightened at once. "Well I am going to make a terrible stab at caring for my family. I feel more than ashamed when I look at that," he pointed to the paper upon which he had figured their expenses, and think that you have earned enough to do that, while I—until I went overseas—did practically nothing a man should do."

Just as Ruth was about to answer him, the bell rang and Rachel admitted Mr. Mandel. Ruth was so surprised she was scarcely polite, but Brian greeted him easily, so giving her time to recover her poise.

"I suppose you are surprised to see me, and I really apologize for making so early a call," Mandel said after a moment. "But Mrs.—Mr. Hackett—I have come to make a proposition, and the

## INTEREST AT FEVER HEAT CONCERNING BASKETBALL CLASSIC

Interest is at fever heat in Yellow  
Springs in anticipation of Wednesday  
evening's basketball classics when  
both the first and second teams of  
Xenia High School will meet the first  
and second teams of Yellow Springs  
High School at Kelly Gym, Antioch.

The Yellow Springs outfit has been  
going at a merry clip this season and  
by bringing the local pill tossers to  
the college court, they hope to slip  
over a win and put a crimp in aspira-

tions the locals might have for the  
county basketball championship. The  
Yellow Springs lads have been get-  
ting the jump on affairs by meeting  
most of the Greene county quintets  
likely to compete in the annual tour-  
ney and are thereby getting a line on  
them in preparation for the big event.  
They beat Jamestown High a short  
time ago and are looking to Xenia  
High as the next big proposition in  
the way before they can take the  
loving cup with a clear conscience.

The games are creating a furor of  
interest here as there is always con-  
siderable rivalry between the two  
schools, and it is expected that a num-  
ber of followers will travel with the  
team to the up-country town for the  
big fracas. The High School first  
team will meet Wilmington at the  
Rink Court Friday evening.

## O. S. & S. O. HOME TEAM DEFEATED BY DAYTON OLYMPICS

Although the O. S. & S. O. Home  
quintet outplayed the Dayton Olympics  
in the first half of their game at the  
Home Friday night, it could not hold  
the slender lead in the face of a de-  
termined attack in the second period  
and lost to the visitors by the score of  
25-21. The game was featured by  
close guarding.

Try this! Hair gets thick,  
glossy, wavy and beautiful  
at once.

Immediate?—Yes! Certain?

that's the joy of it. Your hair becomes  
light, wavy, fluffy, abundant and ap-  
pears as soft, lustrous and beautiful  
as a young girl's after a Danderine  
hair cleanse. Just try this—moisten  
a cloth with a little Danderine and  
carefully draw it through your hair,  
taking one small strand at a time.  
This will cleanse the hair of dust, dirt  
or excessive oil and in just a few moments  
you have doubled the beauty of your hair.  
A delightful surprise awaits those whose hair has been ne-  
glected or is scraggy, faded, dry, brittle  
or thin. Besides beautifying the  
hair, Danderine dissolves every particle  
of dandruff; cleanses, purifies and  
invigorates the scalp, forever stopping  
itching and falling hair, but what will  
please you most will be after a few  
week's use, when you see new hair—  
fine and downy at first—yes—but really  
new hair growing all over the  
scalp. If you care for pretty, soft hair,  
and lots of it, surely get a small bot-  
tle of Woolton's Danderine from any  
drug store or toilet counter for a few  
cents.

ANTIOCH WINS  
ANOTHER VICTORY

Antioch's crack basketball quintet, made it a quintet of consecutive  
victories at Westerville Saturday evening when it defeated Otterbein  
College 36-30 on the Otterbein floor.

The game was fast and exciting at  
all stages, with plenty of basket  
shooting in which branch of the game  
the Yellow Springs outfit had the  
edge on their opponents. Harold  
Little at center was the star of the  
Greene county crowd tossing nine  
field goals and making himself "high  
man" for the evening's pastime. Little  
simply tossed them in from all  
angles and it was his splendid work  
that kept the Antioch crowd in the  
lead of the scoring procession.

The lineup and score:

## STEVE PHILLIPS BACK IN STARTING GAME

The following item of local interest, since it concerns Stephen G. Phillips of this city, appeared in Sunday's Ohio State Journal, in the racing dope written by Chester Stands and appearing on the sporting page. Mr. Phillips is now arranging for his starting program for the coming season.

"Steve Phillips, the veteran trainer and driver of Washington C. H., accompanied his nephew, "Young Steve" Phillips, the starter, who recently was discharged from the army, on a visit to Columbus friends the past week. "Young Steve" intends to take up the starting business again this season, and anticipates no trouble in securing all the engagements he can handle. He is located at Xenia."

## X. H. S. ATHLETES TO GET NEW SWEATERS

In recognition of their prowess in  
the field of athletic endeavor in both  
basketball and football, the Xenia  
High School Association, ordered sev-  
enteen sweaters for the athletes  
Monday. The sweaters are big navy  
blue turtle necks with a white block X.

Coach Faires and Business Manager John Beachem will be presented with sweaters besides the athletes themselves. Those who will be given  
sweaters are: Manager Gail Vannorsdall, Football Captain Lawrence Currie, Basketball Captain Earl Hartsock, Raymond Snodgrass, Marion Ely, Germaine Ball, Roy Beals, Lawrence Riddell, Elmer Owens, Ancil Stephens, Heber Tullis, Paul Scatterfield, Eugene Benbow, Arthur Bales, William LeSoud and Coach Faires and Business Manager John Beachem.

**Origin of Apple Dumplings.**  
A dumpling is a good old English  
dish and comes from the word dum-  
pling, that meant to throw down suddenly  
and the diminutive ending -ling. The  
idea was a little cake that was made  
by throwing raw dough into boil-  
ing water.

## SURPRISE PARTY

A delightful surprise was given to  
Mr. and Mrs. L. E. Smith and family  
by the Mt. Tabor neighborhood, Janu-  
ary 23, 1919. The evening was spent  
in playing games and music. Refresh-  
ments were served. Those present were:  
Misses Pearl Hollingsworth, Susie  
Sahr, Jessie Beat, Cleo and Eva Jones, Susie  
Sahr, Bessie and Gladys Eyler,  
Dorothy Johnson, Edith Johnson,  
Mary Smith, Roxie Strong and Sarah  
Middleton; Messrs. Roscoe Beal, Leroy  
Hollingsworth, Harvey Kyle, Emmit  
Ellis, Rother Trout, Noel Johnson,  
Donald Smith, Ray Griffith, Myron  
Smith, Burl and Forest Strong, Mr.  
and Mrs. Maynard Middleton and  
Burrell; Mr. and Mrs. David  
Turner, Mr. and Mrs. Ray Fudge and  
children Russell and Francis; Ray-  
mond and Willard Eyler.

**TO WARD OFF ILLNESS.**  
If you are bloated, languid or lazy,  
have the "blues" headaches, palpita-  
tion, biliousness, bad breath, gas,  
constipation or indigestion, you will  
feel better in the morning if you take  
a Foley Cathartic Tablet tonight.  
This is a wholesome laxative and  
cleaning physic that acts without in-  
convenience, gripping or nausea.

## CHARLES S. NEED PASSES AWAY MONDAY AFTER LONG ILLNESS

Charles S. Neeld, son of Mrs. W. M. Neeld of West Main street, died at 6:40 Monday night after a long period of illness, aged 29 years.

Mr. Neeld was born in Spring Valley, September 24, 1889, but his parents moved to this city with their family, when he was a child, and his home had been here ever since. His father was the late William M. Neeld, well known undertaker. The young man graduated from Xenia high school, and afterward was employed as bookkeeper for Eavey and Company, and at the Xenia National Bank. He enlisted in the Marines several years ago, and while in the service, his health failed. He was stricken by influenza last fall, and never entirely recovered, the malady leaving a weakness of both the lungs and heart. He collapsed suddenly Monday afternoon.

Mr. Neeld was a very popular young Xenian, and his collapse in health several years ago, was a source of much sorrow to his many friends about town, as well as to his family. He is survived by his mother, Mrs. Margaret Neeld, two brothers, Ralph M. Neeld, who is in the undertaking business in this city; Paul W. of Newark, N. J., and a sister, Miss Edith Neeld of this city.

Funeral services will be held at 1 o'clock Wednesday at the home of the young man's mother, 210 West Main street.

Friends who wish to view the remains can do so after 6:30 o'clock Tuesday evening.

### BUSINESS CLUB TO NOMINATE OFFICERS

Invitations have been issued for the regular meeting of the Xenia Business Men's Association which will be held in the club rooms Thursday evening.

Every member of the Association is requested to be present at the meeting as the annual nomination of officers will take place. According to the plan pursued by the Association, the new officers are nominated at the January meeting and elected at the February meeting.

A good attendance is urged at the meeting, which will open at eight o'clock.

### THEATERS

#### Bijou.

Beautiful Clara Kimball Young and her own company will be seen in the Select Picture "The Road Through the Dark," which appears at the Bijou Theater Wednesday.

The story is that of a Parisian romance filled with stirring drama in which Miss Young has plenty of opportunity of showing her wonderful talents. She has not appeared here recently and her coming should create a stir of interest. In the cast are Jack Holt, Henry Woodward, Eleanor Fair, Bobby Connolly and others.

#### Orphium.

Those fortune tellers who rattle the skeleton in one's own family closet and throw the glaring light of metaphysics on the winding paths of the future, have nothing on Carmel Myers, pretty Bluebird star, who plays the role of Rosamond Gilbert in "The Dream Lady," which is at the Orphium Wednesday.

As pretty Rosamond, Carmel Myers sets herself up as a fortune teller, and helps to make dreams come true in her own back yard. She steers a course away from drab realism by the act and brings happiness with the man she loves. She is supported by Thomas Holding, Kathleen Emerson, Harry V. Meter and others.

#### Treadmill for Chickens.

To make chickens take exercise necessary for growth, an inventor has patented a feed box in front of which is a revolving platform over which they must scramble to get anything to eat.

GOOD HOUSEKEEPERS USE BEST. That's why they use Red Cross Blue All leading grocers, 5 cents.

### MY DEAR YOUNG LADY.

Pepsinco is Not for Sick People. It is Made to Keep You Well and Healthy.

Pepsinco keeps you from getting that sick headache you have so often. It prevents that sourness after meals. It's good to regulate the bowels. Don't wait till you are sick—take Pepsinco while you are well; prevent those attacks of bloating, sick headache, sour stomach, nausea. That bad taste in the morning is another evidence that you need Pepsinco.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behoves every one to watch for the sign.

Fully guaranteed by all druggists. A large trial package will be sent to any address. The Neuro Pharmacal Co., Wapakoneta, Ohio.

## Before God—We are Responsible for their Future

THE whitening bones of millions of massacred men, women and children are strewing the plains of Asia Minor from the Black Sea to the Persian Gulf.

In a single day's travel, an American relief worker saw the mutilated corpses of more than five thousand outraged women, piled by the roadside.

Thousands of living babies have been hurled into the rushing tides of the Euphrates, the Tigris and other rivers.

From the town of Harpoort eighteen thousand persons were deported, mostly women and girls. *Deported*—driven for endless miles over mountains, plains, deserts in bitter cold and parching heat. Their mounted guards, ex-convicts, criminals, ruffians of the lowest order.

At the end of sixty-four days the survivors, one hundred and eighty-five out of the eighteen thousand, staggered into a town hundreds of miles from where they started. Covered only with rags they were shuddering skeletons, half dead of their suffering, half blind with starvation.

Of the others, some died of privation and hardship, some starved to death, some were eaten by wild beasts. God alone knows how the rest came to an end at the hands of worse than wild beasts.

The story of Harpoort is the story of

For the honor of America we cannot let their misery go unheeded. They have passed through unnameable hells of suffering. We cannot blot out their past. But before God we are responsible for their future—we are responsible for the rebuilding of these races. This is our work. Are you ready?

Every dollar subscribed goes to the Relief Work

All expenses are privately met

All funds are cabled through the Department of State

All funds are distributed through U. S. Consuls or American Agencies

Our Government is prevented from giving aid. The Red Cross is not organized for Relief Work in these sections

## ARMENIAN AND SYRIAN RELIEF

hundreds of towns in the Near East. In wretched groups, the survivors are straggling in from the deserts. Armenians, Syrians, Greeks, Jews, bringing disease, famine, woe as they come.

There are four million of these refugees. They have not even a crust of bread unless we provide it and four hundred thousand of them are orphaned children, little more than babies, helpless, resourceless, hungry. Seventeen cents a day, five dollars a month, sixty dollars a year will keep the breath of life in one of those emaciated bodies.

If this were the end of the story, appeal would be useless. Turko-German fiendishness would make aid almost unavailing.

But these oppressed peoples have been freed from Turkish rule, through the victory of the Allies and America. They need only our help for a little time to re-establish themselves as self-supporting nations.

It will take thirty million dollars to care for their immediate needs in food and clothing, and buy tools, farm implements, seeds, live stock to put them on a self-supporting basis within the year.

This is the work we have to do—to raise that thirty million dollars—and to raise it now before the survivors perish.

DRINK A GLASS  
OF REAL HOT WATER  
BEFORE BREAKFAST.

Says we will both look and feel  
clean, sweet and fresh  
and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the draining of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnation matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have gallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Good time to economize—Mrs. Austin's delicious Pancake Flour. Three pounds—twenty-five cents.

DRINK HOT TEA  
FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## URGE COMMISSIONERS TO ATTEND MEETING

The county commissioners have received the following telegram signed by Governor Cox:

"Your attention is called to my appeal for public meeting on the subject of unemployment, to be held in Columbus Tuesday afternoon at the Chamber of Commerce. I respectfully but urgently request that your county be represented by yourself and that you co-operate in working out the plans to meet the situation."

The commissioners have not decided whether any member of the board will attend the meeting.

### It Can't Be Done.

A French professor avers that the greatest wealth of ideas comes to the human brain between two and five o'clock in the morning. Has the learned professor ever been able to hit on one that came anyways near fooling his wife during the wee small hours? Neither have we.—Grit.

## GERMAN IRON CROSS RECEIVED IN XENIA BY MRS. ROSE LOTT

An iron cross, the German distinction for bravery thought to be the first ever received here, was received Monday by Mrs. Ross Lott from her nephew Lieutenant Raipin Redmond, who is with the Rainbow Division in the army of Occupation.

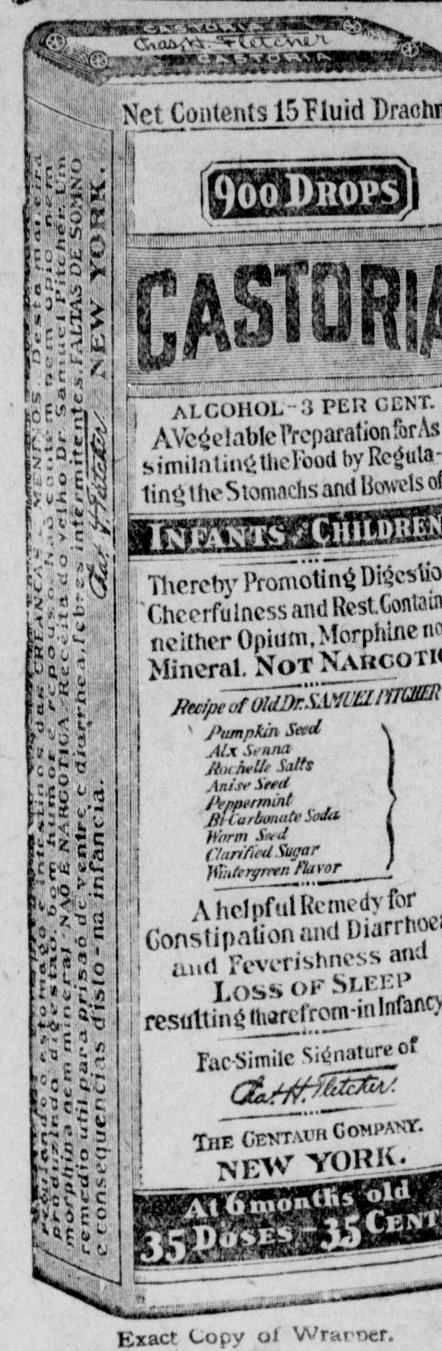

Lieutenant Redmond said he was lucky enough to get hold of two of the famous crosses which he sent to relatives in this country for safe keeping until he returns from overseas. He said there was only one other cross in the Regiment which indicates that they are one relic of the big war which is scarce and hard to find.

The outline of the cross is silver and it is inlaid with a sort of black substance. A crown is embossed on this black surface and on one side the numerals 1813 and on the other 1914. It is thought that 1813 indicates the year the cross was designed and 1914 the year to which issue that particular cross belongs. A ring is appended by which the cross can be fastened to the blouse. It was probably the much prized ornamentation of some Hun who was particularly vicious in his work of massacring and pillaging.
